lena.okin@kingston.vic.gov.au

Sue O'Keeffe

**Manger of Psychiatric Triage &
Dandenong CATT/ECATT, Southern Health**

**Have you ever wondered how you could
improve your communication with a
psychiatric triage service? When you should
consider making contact with the triage
service about a client you are working with?
Here is your chance to have some of your
questions answered.**

Elli Wellings

**from Victoria Police will be discussing the
PACT Project, soon to be launched in the King-
ston-Bayside area. The project involves a mul-
tidisciplinary team that will receive referrals
from emergency services and will triage the
referrals and engage them in relevant service
and provide case management (where
necessary)**
